Wednesday, September 13, 2017 4:30 PM

Hi Prof. Rodriguez,

This is Tim Ream contacting you from the Fullerton College Library. I will be your inductor for the Reading 56 Library Instruction Session coming up on 9/22/17.

If possible, please send me a syllabus for your course, any assignments that students will be working on related to Library research, and any other instructions you might have.

This will help me to provide instruction that is focused on the specific needs of your class.

Nice to meet you, and I will see you on the 22nd.

Thanks,

Hi Tim,

I have attached my course syllabus, my class is reading the novel The Pact, I would like for them to research some of the topics/issues related to the novel. They also have some basic questions about the library in general, what resources are offered how do they use computers and printers etc.

Thank You,

Jasmine Rodriguez

Hi Prof. Rodriguez,

Thank you for these materials. This is all very helpful. I will orient the Library Instruction Session towards the information you've provided here.

Near the end of Library Instruction Session, I have a short activity where students will search for information related to the topic of the Olympics in Los Angeles.

I know this topic seems somewhat random, but I find that students are more engaged with the material if some of our search topics are current issues that they might find interesting.

Hopefully this activity won't take us too off course. I look forward to meeting you and your class on Friday!
