

The Reference Desk

- Librarians at the Reference Desk (1st Floor) can help you with all of your Library and research needs. They can help you:
  - Refine a research topic and develop keywords for searching
  - Find quality information using Library resources and the Internet
  - Use technology to organize and cite your research
  - Save valuable time by streamlining your research process

Library Technology

Computers

Desktop computers are available for student use on the 1st floor of the Library. All computers are PCs. Laptops are available at the Circulation Desk for 2 hour in-library use only.

WiFi

WiFi is available for students and faculty. If experiencing trouble connecting, please ask a Librarian or staff member for assistance.

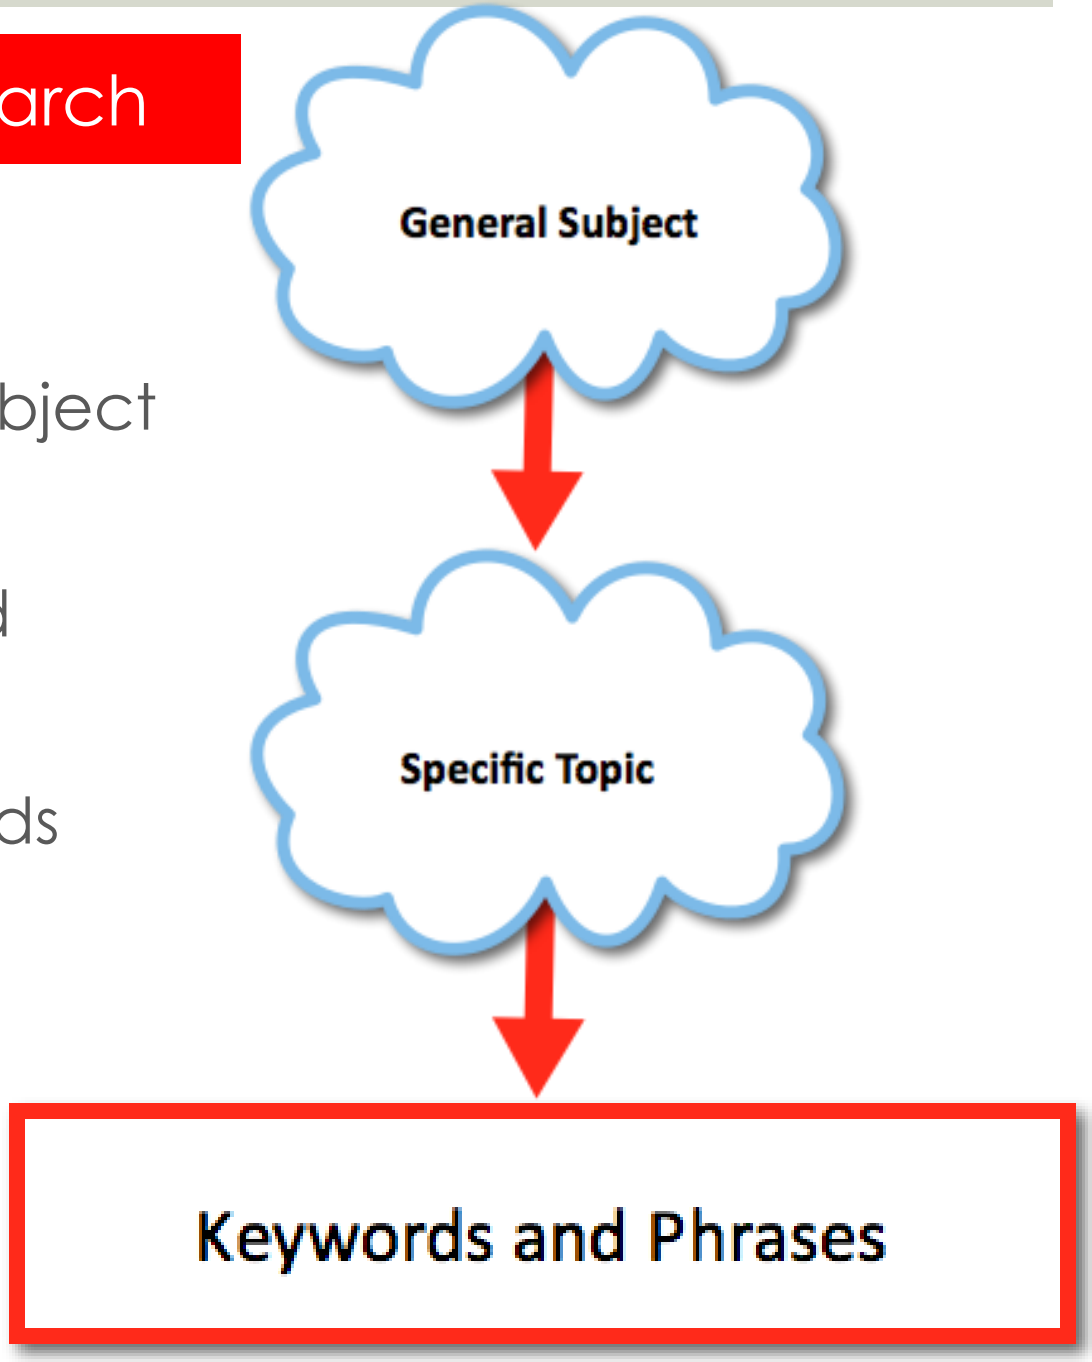

Printing & Photocopying

Printing is available on the 1st floor of the Library. It is a cash only system. Printing is .10 per page (black and white) and .25 per page (color)

Photocopy machines are available on both floors of the Library. Photocopying is also .10 per page (black and white).

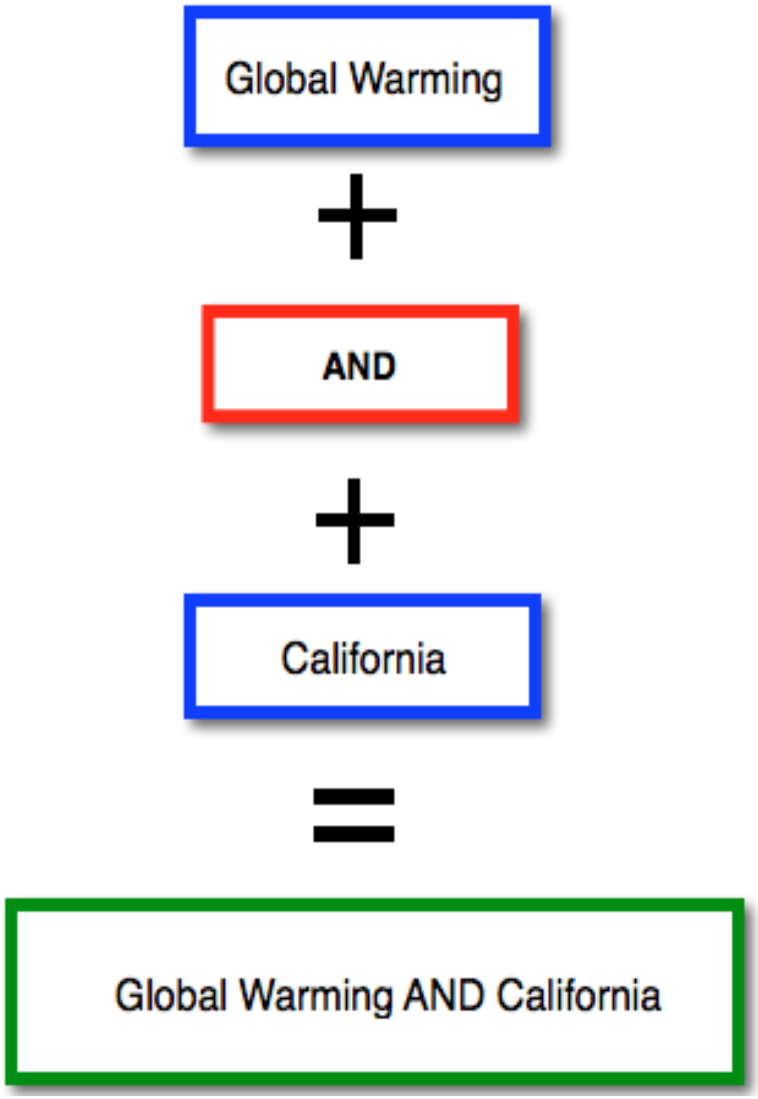

Building your Search

- Start with a general subject or topic
- Narrow your topic and move to the specific
- Come up with keywords and phrases

Boolean Operators

- The terms **AND**, **OR**, **NOT** are used make searches smarter and more specific.
- They can be used to **broaden** or **narrow** searches
- Example: Global warming **AND** California
- Boolean operators are a complex topic. Please see the librarian for more info.
