Discussions with Prof. Baker Regarding Psych 202

Monday, 1/29, 1:14 pm

Hi Prof. Baker,

My name is Tim Ream and I will be teaching the Library Instruction Session for your Psych. 202 class this coming Wednesday night.

Before I teach a session, I typically reach out to the corresponding professor to see if there's any additional information that I should be aware of.

This includes items like a course syllabus, assignments related to the objectives of the Library Instruction Session, and anything else that might seem relevant.

Thanks for your assistance here. I look forward to meeting you and your students on Wednesday night, and providing them with any guidance that might help them with their library and research needs.

Thanks,

Tim Ream

Hi Tim, I've attached the assignment.
Also, the message I received stated a one hour and 50 minute presentation, but I was hoping for something closer to one hour.

Hi Prof. Baker,

Thank you for the attached assignment. This will help a lot.

If you would only like the session for 50 minutes, just let me know and I can limit it to that amount of time. Not a problem.

Thanks,

Tim Ream

Hi
one hour-ish would be great.
Thanks

Great. I'll make the change. Will our starting time still be the same?

Yes, 7pm.
May I please have the room number?
Thanks
