Discussions with Prof. Carroll Regarding Wellness 230

Thursday, April 19, 2018 4:45 PM

Hi Prof. Carroll,

Would you like to have the Wellness 230 Library Instruction Session last about 1 hour on April 24th?

Since we will not be in the Library Classroom, we will not have much of an opportunity for students to perform their own database searches; so I'm thinking about 1 hour would be an appropriate length.

Thanks,
Tim Ream

Yes that would be great. I would like for them to understand how to find Peer review research articles and how to use your reference tools for bibliography.
