CIS 111 Activities

Start on the library homepage: library.fullcoll.edu

Activity 1

Use *Statista* to locate statistical information on the topics of **fast food** or **video games.** Make sure the statistics you find are no older than 2018 and involve at least 3 companies that are being compared.

Example: A chart comparing the number of Americans who purchase video game consoles sold by Microsoft, Sony or Nintendo.

Download the statistics in Excel format and include an MLA citation. List the Title and Source of the statistics below.

Title_____

Source_____

Activity 2

Use *NexisUni* to find background information on the video game company **Activision Blizzard.** Use this information to provide answers to the questions below. Also, please email me the source of your information at **tream@fullcoll.edu**

What were the total sales numbers for fiscal year 2017?_____

How many total employees work for Activision Blizzard?_____

Activity 3

Use *OneSearch* to locate some business news on the pizza industry. Locate a news article on either **Pizza Hut** or **Papa John's** using only results from the content providers **Business Source Elite** or **Regional Business News** (Hint: use the search limiters on the left-hand side of your screen). The article cannot be older than 2018. Fill in the blanks below and also email the article to me at **tream@fullcoll.edu.** Please include the MLA citation.
