CHEM 100 Activities

Start on the library homepage: library.fullcoll.edu

Activity 1

Working in a group of 2 or 3, examine the **Opposing Viewpoints topic guide** for the subject printed on your index card. Based on your examination, come up with a second search term for your topic and list it below.

Second search term_____

Activity 2

Working in your same group of 2 or 3, use the **OneSearch Advanced Search** feature and perform a search for your original topic and the second search term from Activity 1. (Remember the concept of idea boxes.) Select one result and supply the information below: Author and title of one source from the Advanced Search.

Author_____

Title_____

Activity 3

Working in your same group of 2 or 3, **add a search limiter** to the search performed in Activity 2. Use one of the following: peer review, phrase searching, date of publication, academic journals. Select one result and supply the information below: Author and title of one source from the Advanced Search with additional limiter.

Author_____

Title_____

Activity 4

Working in your same group of 2 or 3, **email the result** you selected in Activity 3 to tream@fullcoll.edu (Make sure to change the citation format to MLA before emailing)
